President's Message

Thank you to everyone who came out to Arcaro and Genell's to enjoy some good pizza and learning with us! We've officially reached the cold season (unfortunately) so I hope everyone has their systems ready to go. Personally, my heat pump started shaking and making grinding noises the moment I switched it over to heat, which made me extremely excited.

This month is our Student and Young Engineers meeting, with our speaker being Shane Guglielmi (say that three times fast). He will be reminding us and teaching our new engineers the importance of properly running flue venting! Remember, the young engineers in the industry will be leading us one day, so please consider sponsoring one of them for this meeting. Our Wilkes students have been especially active with our Anthracite Chapter!

Thank you very much for the activity with the Stranger Things column, I truly appreciate all the emails I have received. The amount of strangeness that occurs in our field is second to none! Keep up the good work and the laughs, I know we all need them in our industry sometimes.

Ron Sibulsky has requested some additional help for the car show next year. If anyone is interested in helping us maintain this event, we would be most appreciative. As you know, Ron single-handedly runs this even every year and makes it a wonderful success. It would be great if we could join together and help him to continue making it be a lot of fun.

I am honored to spend the 2019-2020 ASHRAE year as your new President! A special thank you is in order to our past Presidents for their wonderful advice and expertise in helping me start this year off correctly!

Thank you,

Marjorie Gelso
